EXCELLENCE ON THE WATERFRONT AWARD WINNERS

Announcing the 2020 Excellence on the Waterfront Top Honor Project and Top Honor Plan Award and Honor Awards for Six Projects and One Plan

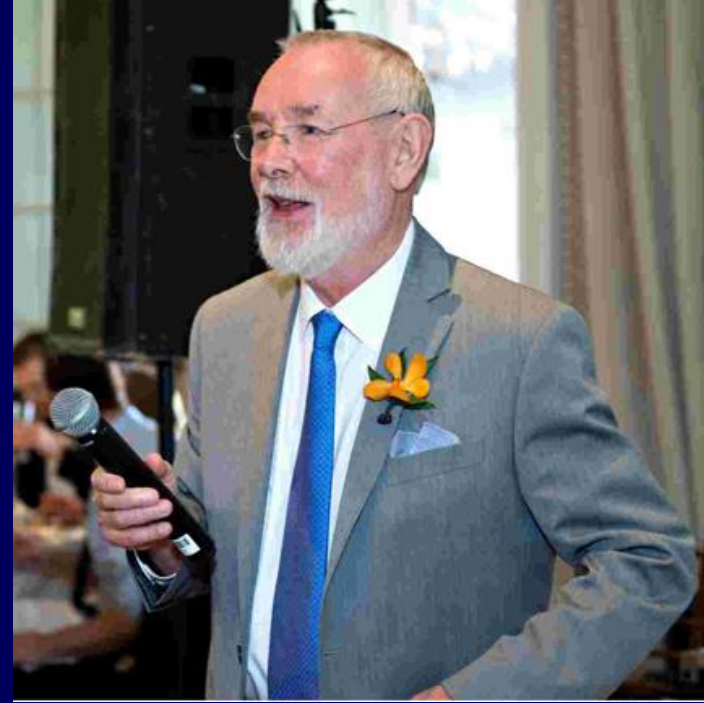

A hallmark of the Center's awards program is the makeup of the jury members who have different backgrounds and expertise which once again enriched the discussions held over the two-day session via Zoom August 14 & 15. Our 2020 Jury is as follows:

Michael Sriprasert, president, Pittsburgh History and Landmarks Foundation, Pittsburgh, Pennsylvania, Jury Chair, joined the group from Pittsburgh.

Rod Marler, principal, Warren & Mahoney, Auckland, New Zealand beamed in from lockdown in Auckland

► **Domenica Stasiak**, senior project manager, Langan Engineering, New York, New York was with us in person in Cape May, New Jersey

Stewart McKenzie, senior associate, Environmental Design Associates, and our webmeister orchestrated the virtual meeting from his home in Somerville, Massachusetts

Co-directors **Ann Breen** and **Dick Rigby** followed the lively give and take offering information on facts. They are never involved in the decision - making.

The 2020 Excellence in the Waterfront jury Zoom meeting
